by c. h. r.

Appomattox is fortunate to have able representatives, both in Richmond and Washington. This week's new sessions began, Senator Thos. T. Moses returned to Richmond as the senior member of the Virginia State Senate. He is presently the tempore of that body, and chairman of the most important Roads Committee. Mr. Moses went to the State Senate in 1935, and has one of the best records in that legislative body.

And in Washington, D. C. Representative Watkins M. Abbitt is also able Appomattox Congressman. He has been our representative for 14 years, and has moved up in rank on the important agriculture committee, where he is of tremendous service.

We wish for both of these outstanding men fine continuation of their legislative records.

Old No. 88. (Bring Them In). Ah yes, Mrs. D. N. Robertson, was in this morning with a "twin" tobacco leaf. First I had ever seen. It came from the D. N. Robertson farm near Vera. Two leaves on just one stem.

Mother Brightleaf has taken up a hobby of the tiny fish they call Guppies. Guppies. Little, bitsy doggers, but cute as all get-out. We now have, six more than we had Monday! The new arrivals are as big as a good-sized pin-head, but swim like they are headed for the Olympic races.

A most pleasant visitor in our office a day or so ago, was Mr. J. S. Cole, retired mail carrier, of Pamplin. Mr. Cole served the folks on Route 2, Pamplin for 38 years and 10 months. When he retired in 1957, the patrons on his route presented him a handsome gold watch, which he now proudly displays. He began his service as a rural carrier the same as did Mr. Odell, Howerton, of Spout Spring, also retired as a carrier.

King Winter Takes Over

King Winter really "took over" in Appomattox this week. A snowfall of up to eight inches covered the county late Tuesday and Wednesday.

Schools did not operate Wednesday, and several businesses did not operate, or did not operate on regular schedules.

Roads were generally in travelcondition, but most motorists resorted to the use of chains.

The snow was followed by dropping temperatures and very low readings were reported today.

Reports have come in of thermometer readings of a few points below zero, up to 9° early today.

However Appomattox seemed to be weathering the severe Winter weather, and no severe accidents had been reported.

FARMERS CO-OPERATION WITH DEPT. OF AGRICULTURE IS URGED BY C. D. LEWIS

ASC Chairman C. D. Lewis urged Appomattox County farmers to cooperate with U. S. Department of Agriculture regulations as the job of measuring the 1962 wheat crop gets under way.

Before any farm yields are made to determine the wheat acreage, farmers are mailed a post card on which they will be asked to report the number of acres seeded to wheat for grain and other purposes. These cards were mailed to county farmers on December 1, 1961. Mr. Lewis requests Appomattox County farmers to reply promptly so that an orderly program for measuring the county's wheat acreage can be set up.

At the same time farmers report on the wheat acreage, Mr. Lewis also requested that they state whether or not they want premeasurement of the 1962 allotted acreage to tobacco. He stated that it will be required that a co-ordinate premeasurement with wheat performance by the next month acreage possible, in order to cooperation in promptly reporting wheat acreage and measurements. For premeasurement will do a great deal toward assisting in a timely and orderly performance job.

Farmers can further assist in an efficient performance job by making certain that there is someone on the farm to point out the wheat fields and assist the ASCS reporter.
